Parallel Programming with R!

15th March 2018

useR! 2018: First time ever in AU

Early bird registration closes today!!!

The image shows a screenshot of the useR! 2018 website banner. At the top, there is a navigation bar with the following links: [HOME](#), [PROGRAMME_](#), [REGISTRATION_](#), [CODE OF CONDUCT](#), [NEWS](#), [TRAVEL_](#), [FAQ](#), and [CONTACT](#). The main banner has a blue background with a faint pattern of gears and the text "useR! 2018" in large white letters. Below this, it says "THE CONFERENCE FOR USERS OF R" and "JULY 10-13, 2018. BRISBANE, AUSTRALIA." To the right of the text is a photograph of the Brisbane city skyline at night, featuring the Story Bridge illuminated with purple and pink lights, and the city lights reflected in the water. At the bottom of the banner, there is a row of small, light blue circular icons.

How could we support women in R even better?

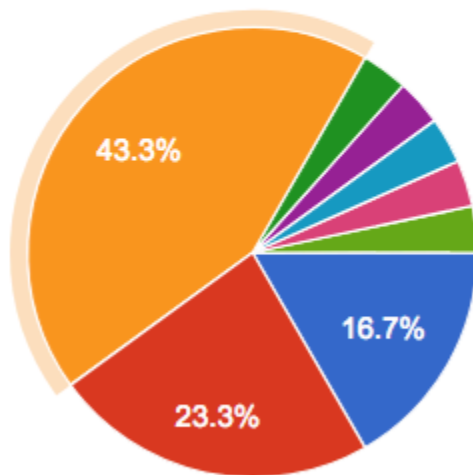

30 responses

Would it be useful to have childcare organised at our events?

30 responses

- Yes
- No
- Maybe
- NA
- Not for me
- n/a
- I can see the value (even though I don't have kids) – would depend on the time and type of event.
- lunch time series?

**Anyone would like to give a short
tutorial on how to make R packages??
Could be over a lunch!**

Future events

- Probably June will be another Intro to R
- Planning a Data Viz workshop! Happy to see you involved!!
- Another Shiny Workshop before the end of the year!

Anyone would like to give a short tutorial on how to make R packages?

- Giving talks
- Instructing/helping for workshops
- Mentoring
- Sponsoring the group
- Sharing ideas
-

A big thank...

To our amazing and faithful sponsors

DISCOVERIES FOR HUMANITY

Hello!

I am Soroor Hediye Zadeh

I am here because I would like to show you how to parallelize your jobs in R!
